## Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly attracted attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being pure vegetable, extract, root, stone, or salts of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in the case of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Souder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who are as leaders in their several schools of practice, the foregoing agents are the very best ingredients for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

## APPEARING OLD

acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of constant competition it is necessary to have a youthful appearance. It is impossible to do this without retaining a youthful growth of hair. The presence of Dandruff indicates the presence of a "bad" scalp, which does not thrive on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00. E. S. Leadbeater & Sons, Special Agents.

## Heart Strength

Heart strength, or Heart weakness, means Nerve strength, or Nerve weakness—nothing more. Actually, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden thing, the nerves that really lie in all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply ceases, and must have more power, more ability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop has recognized the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative, more popularly prescribed to these weak and ailing hearts, it builds up strength, it restores lost nerve strength, it restores strength to the heart, it restores strength to the stomach, it restores strength to the nerves—re-establishes them as needed.

## JAMESTOWN EXPOSITION.

Virginia, has the most imposing of all State structures on the Exposition grounds, presenting a beautiful type of colonial architecture in all its conventional dignity. The Virginia building has a frontage of 116 feet, including the side porches. It is of brick, with stone and marble ornamentation. The front elevation presents the harmonious effects of Ionic elegance, combined with Doric simplicity. Lofty Corinthian columns, surmounted with Acanthus leaf capitals, support the roof projection above an imposing entrance.

The building has sixteen bedrooms for the accommodation of Governor and Mrs. Swanson and their guests.

In keeping with its style of architecture the building is furnished with antique colonial furniture worth a small fortune.

Part of this furniture was bought in Norfolk at antique shops by the building committee of the Virginia Commission, assisted by Mrs. Swanson, wife of the Governor and the hostess for Virginia at Jamestown, and much was loaned by the people of the State.

The renting and purchase of furniture for the Virginia building, in order to give the distinctly colonial touch, will greatly exceed \$10,000.

On behalf of the people of the Old Dominion, Governor Swanson formally accepted the Virginia State building at the exposition grounds April 13th, in the presence of several officials of the Tercentennial and Mrs. Swanson.

The formal opening of the Virginia building will be made at a reception on the evening of Thursday, April 25th, in honor of the visiting Governors and other distinguished guests, while on the opening day Governor Swanson will entertain the President at dinner.

Mrs. C. A. Swanson, hostess of the Virginia building left Richmond yesterday for Norfolk, to make ready for the reception that she and Governor Swanson will give in the building on the evening of April 25th to the Governors of different States and their respective parties.

Governor and Mrs. Swanson will receive with Mr. and Mrs. Harry St. George Tucker, and with the visiting governors and their wives. In Mrs. Swanson's party going down to Norfolk were Miss Sallie Deane, Colonel Jo Lane Stern, and General Charles J. Anderson.

April 26th, will, of course, be taken up with the military review, President Roosevelt's address, luncheon, and the dinner given by Mr. and Mrs. Tucker to the President.

The Virginia building will be opened to the people of the State on the 27th, when everything will be in readiness to accord them a hearty welcome.

The next public reception at the State building will be given on the evening of May 2d to the Woman's Club, of Norfolk. At this time a vocal and piano programme will be rendered.

An elaborate menu will be served the evening of April 25th, with many quaint and cunning devices to carry out the tercentenary idea in said cases and ices.

It has been intimated that the governing of the Virginia women and their guests on this occasion will be superb.

Despite the efforts of a corps of energetic, efficient, painstaking officials and thousands of carpenters, masons, cementwalk builders and landscape gardeners the Jamestown exposition will be opened on Friday of this week unready. Many of the magnificent structures that are to house domestic and foreign commercial exhibits and shelter the achievements of the industrial arts are incomplete. Yet while this is acknowledged by the directors of the exposition with keen regret it is with the satisfaction that the sum of what has been done, as compared with the unfinished work, forms a result of which they are justly proud.

## President Denounced by Miners.

That President Roosevelt is behind the western mineowners and State authorities of Colorado and Idaho in an alleged movement to "railroad" Moyses Haywood and Pettibone, of the Western Federation of Miners, to the gallows, is a declaration that was applauded vociferously yesterday by the Chicago Federation of Labor.

Edward Morgan, a member of the Western Federation, bitterly denounced the President. His speech was followed by the adoption of resolutions scolding the President for classing Haywood with E. H. Harriman and other capital lists.

"God forbid that it is true!" shouted Morgan, "but it almost seems that, behind the millions of Rockefeller and the Standard Oil Company, behind the millionaire mineowners, stands the strong right arm of the Chief Executive of the nation saying: 'Go to it. Fall upon your prey like vultures, and I will sit by and grin while you gurgle in their blood.'"

"For 17 years the Western Federation of Miners, with their blood, blazed the way for organized labor in the west. Now the mineowners, backed by the State authorities, are thirsting for revenge. I can see William D. Haywood, the man who refused to be bought or to bend the knee in supplication, forfeiting his life on the gallows for the loyalty he bore to his fellows. He refused to make peace, refused to clink glasses with the mineowners, and now they have hatched this conspiracy to get him by other methods. And they will hang him unless the working class of this country rises up from ocean to ocean and demands that justice be done."

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

I have been a user of it for 25 years and will want it as long as life lasts. The coffee is worth three times its present market value."

Millions of persons in every part of the country drink no other Coffee, and swell the sales of Arbuckle's ARIOSIA until they exceed the combined sales of all the other packaged coffees.

## Preacher Mobbed.

Rev. C. A. Fulton, of the First Baptist Church, at Syracuse, N. Y., and Attorney L. W. Dygett were mobbed by a crowd of 200 men and boys in North Salina street yesterday afternoon and roughly handled. The two men have been conducting a campaign for several weeks in an effort to keep saloons closed on Sunday. By making trips about the city from midnight Saturday until Monday morning and lodging complaints with the chief of police and district attorney, they have caused the arrest of many saloonkeepers and have made it difficult for saloonmen to obtain bonds from surety companies. Although Syracuse has been practically a "dry" city on Sundays since the campaign commenced, the two men have not ceased in their vigilance. They have been attacked and threatened on several occasions and yesterday were made targets for stones and other missiles. Dygett was struck on the head and Dr. Fulton was badly bruised about the head and face.
